REBBYTERIAN ASSEMBLY.

O CHARITY FOR PASTORS.Question Stirs Up
Keen Discussion.Tennessee Courts Rebuked
for Decision.Attempt Made to Oust Dr.
Roberts as Treasurer.

ASSOCIATED PRESS NIGHT REPORT.

ENVER, May 28.—Presbyterian ministers do not want charity. They want the dues paid in the general assembly today when, in an almost unanimous vote, the commissioners decided a resolution, prepared by Dr. J. W. Bolton of Philadelphia, providing a graded pension scheme for disabled or superannuated ministers.

The trouble over the pensioning of ministers has been one of long standing, having started in friction between board of ministerial relief and the board of ministerial education.

Both have similar objects, and the Board resolution carried with it a motion to refer the whole matter of joint action of these boards to a special committee.

On his address on the subject Dr. Bolton made frequent use of the words "charity" and "humiliation," and to some terms the commissioners as a body took liberal exception. He was the opinion that ministers don't deserve charity, but ought to work, and that they should give pensions after twenty years' service. He believed this would remove taint of "charity" from the suggestion.

In this proposition Dr. Howard Johnson of Colorado Springs, took up with the support of a large majority of the commissioners. He rejected "charity" and said that the minister who receives aid after he has in his best efforts to the church on an object of charity, but rather than of the support of the church.

He said that the first step

in the assembly should be a

suggestion to the church

and the individual gits. Here the matter ended.

A Committee on Polity found its

it in trouble when Dr. Joseph A.

Johnson of Colorado Springs

asked for an overture upon which the

committee moved that no action be

taken until it shall be known

in twelve months, the church with

which they wish to be affiliated, shall

take into the jurisdiction of the

church designated by the pastor of

the church he has chosen.

This was steadily fought by members

of the Polity Committee on the ground

that after much study they had not

been able to make out a case.

However, upon a vote of approval of

resolution seemed unanimous.

An assembly unanimously adopted

report of the judicial committee of

the sustaining the presbytery of

Wexford in the Westminster Church.

In suspending four elders, in dis-

missing the church in the course

of the inquiry for church serv-

ice, and in organizing a new church

in Polity Committee made both a

minority and minority report on the

reduced representation to the

assembly, but because of an im-

pending lengthy debate, it was or-

dered that both reports be passed un-

animously when the matter will be

settled out.

As church locked horns with the

when the assembly, in effect,

overruled the Polity Committee.

Mr. Johnson, of Colorado Springs,

which was unopposed, was

on the report of the Committee

Church Cooperation, which report

written by William Henry Rob-

erts, D.D., LL.D., the state's first

and distinguished chairman of the com-

mittee, and for more than twenty-five

years regarded as the law-giver of

the assembly. It set out in effect that

three established doctrines with

the other being the Roman Catholic,

where the church is superior to

the theory in England, and some parts of the United

States that the state church is supe-

rior, and the Calvinistic wherein

both church and state possess distinct jurisdic-

tion—the latter is the preferable

church.

The report, which was unopposed,

was referred to the Finance Com-

mittee which recommended that

the care of the funds of the assembly

be left to Dr. Roberts.

The opponents of Dr. Roberts ex-

plained that they cast no aspersions

on him or his judgment of the funds

of the assembly, but demanded the

right to have it.

**PRESIDENT IS
TARIFF WISE.**

Will Be Heard from When the Time Comes.

Confident Aldrich Will Keep His Promises.

Veto Hovers in Background as Warning.

[BY DIRECT WIRE TO THE TIMES]
WASHINGTON, May 28.—(Exclusive Dispatch.) Whatever others may say, President Taft has confidence in Senator Aldrich's purpose to evolve out of the tariff bill a conference measure that will meet the approval of the country.

As heretofore pointed out, the President regards the conference as the only feasible stage in connection with which he can make concessions on his side and hold out for concessions on the House side with the idea of putting into the bill, to be submitted for executive signature, lower rates of duty all through the list of items in controversy.

Evidently the President has received assurance from the chairman of the Senate Committee on Agriculture and from others who have discussed the situation with him, giving the impression of resenting aspersions on the sincerity of Mr. Aldrich and the doubt as to realization of the executive's hope, based on word of mouth, that the Senate would revise the bill after its adoption by the House.

The President believes that Senator Aldrich's present plan of campaign, which has no surface indication of progress, is well founded. His stand is the whole thing—and it need not be to get his bill through the Senate. To pass it, all the President sees fit to do is to make concessions in his situation, concessions must be made on all sides, taking into account other protectives as well as all other elements.

And as for the Conference Committee on the part of the Senate with its chairman, the chairman of the House, and high protection sentiment it is doubtless in the President's mind that Aldrich will be the dominating influence—the whole thing—and will see to it that the bill is passed.

The President does not think the House is "set" in the matter of certain increased duties that cause intense criticism when the Payne bill comes up. The House, however, is not set, and the bill is not yet out of committee.

The President looks upon Chairman Payne as the man who knows more about the bill than any other. He is in public life, however, in his efforts to revise downward and in the strength of his stubbornness, as well as his personal popularity, he expects to get what he has been led to expect.

President Taft is preparing to judge for himself whether the taking of tariff revision. One is impressed, talking with the President, that he is in the back of his head there is a resolution to set at the top of the bill the leaders: "We make this bill conform to specifications or I'll veto it."

Perhaps the leaders have had their tip about this line, but the author of the draft has not told him of it. President Taft is not worrying trouble and with his accustomed optimism, calmly waits the time when he thinks the bill will be modified and voted on, and prepared to act as the situation confronts him.

GROWING BUSINESS.
HOMES MANUFACTURES.
WASHINGTON, May 28.—(Exclusive Press Day Report.) The manufacture of the United States is increased, while those imports equal in stated value one-half of that of home product, according to a comparison of the figures of production, exportation and importation of manufactures made by the Bureau of Statistics of the Department of Commerce and Labor.

These statistics show that the gross values of the manufactures exported

ST. PAUL (Neb.), May 28.—(Exclusive Dispatch.) According to the advices received here today, in a terrific electrical storm in the northeastern part of Howard county Wednesday night, lightning struck and instantly killed the nine-months-old child of Ignat Sintek while it lay asleep in the arms of its mother, who, strangely enough, was not even rendered unconscious by the shock.

When Mrs. Sintek discovered that the sleeping child had been killed by the lightning she was crushed with grief. The storm in which the accident occurred was one of the most severe in the history of the region.

Increased from \$45,000,000 in 1905, or 6 per cent. of the total manufactures, to \$55,000,000 in 1906, which was 8.2 per cent. of the total. In the same period the imports of manufactures into the country increased from \$11,000,000 to \$12,000,000, or 9.1 per cent. in 1906, but decreased in the percentage of the net product of manufactures from 31.2 per cent. in 1905 to 5.3 per cent. in 1906.

The gross value of the manufacturers of the United States was \$12,000,000, but it had increased in 1906 to \$14,000,000, and in the same period the net value had increased from \$655,000,000 to \$70,822,000.

PORTO RICAN DEBATE.

FINAL ACTION DELAYED.
WASHINGTON, May 28.—Debate on the bill amending the organic act of Porto Rico was continued in the House today. It was expected that consideration of the measure would be concluded and the quorum remained in the way and as an important amendment, limiting the operation of the proposed law to one year, was pending final action on the bill was postponed.

The principal speech was by Mr. Borland of Indiana, who upheld the Porto Rican house of delegates for refusing to yield its legislative rights and pleaded for a territorial government for the Porto Ricans.

WASHINGTON BRIEFS.

WICKERSHAM CONGRATULATES.
WASHINGTON, May 28.—Atty.-Gen. Wickersham today sent a telegram of congratulation to United States Attorney Green and Special Assistant Rush T. Pease. ZEIGLER, ABANDONED TOWN.

Explosions and Fires in Litter Mines Cause Desecration by Entire Population.

[BY DIRECT WIRE TO THE TIMES]
EXCLUSIVE DISPATCH. On Illinois Central the town of Zeigler is no more. The company has discharged the agent and closed the station at that point, as there is no business since the coal mine was closed, perhaps forever, by the State Mine Inspector soon after the last explosion which killed a number of miners and whose bodies have been sacrificed in the famous Joe Letter million-dollar colliery. The future of the place seems rather uncertain, though it is known that the mine and the inspector will not permit it to be opened.

For the past several days eastern and Chicago residents have made frequent investigations of the works of the company and it is believed that a deal for the purchase of the plant is about to be made. If the property is sold to another, it will be used for the machinery wrecked by explosions replaced by new apparatus. Efforts have been made to extinguish the burning mine, but have been rewarded with little success.

The conditions of the Letter town are deplorable and the miners have deserted the place leaving only a few who are actually necessary to properly protect the property.

SENSATIONAL TURN.

HEINZE HIDES BOOKS FROM GRAND JURY.

[ASSOCIATED PRESS NIGHT REPORT.]

NEW YORK, May 28.—Where are the United Copper Company's books? Federal officers hunted for them tonight without success. They must be in the Federal court here next Tuesday or the company's directors will be found in contempt.

This sensational development came as a result of today's grand jury investigation of F. Augustus Heinze's affairs in connection with the alleged misappropriation of the funds of the Merchantile National Bank.

United States Dist.-Atty. Wise obtained from Judge LaComb an order directing certain United Copper Company directors to produce the concern's books in court forthwith or be deemed in contempt.

The directors—Sanford Robinson, Carter Glast, William J. Curtis and Horace Aldi—reported to the court that they were unable to comply, because Mr. Heinze, president of the United Copper Company, had refused to give them the books or tell where they were, giving as his reason that he was under indictment and further investigation. They said they would make every effort to get into the company's books for the purpose.

The directors further told the court that they had called a special meeting of the directors to take place five days hence, when Heinze and Secretary-treasurer Gifford would be deposed. Heinze and the directors said to the court that Gifford took the minute books with him to Europe.

Judge LaComb said that under the circumstances he would remand. He fixed Tuesday afternoon as the time for the trial report again.

The mutilation of books of a corporation, as charged by Dist.-Atty. Wise, is a crime under the State law. The Federal statutes cover the removal of books and under them such an act may be construed as grand larceny.

Mr. Wise declared Heinze was not

**NO CHANGE IN

Senate Action Accords With Recommendation.

Refiners Protest They Are Not in "Trust."

Southern California Concerns Given a Hearing.

[ASSOCIATED PRESS NIGHT REPORT.]

WASHINGTON, May 28.—(Exclusive Dispatch.) According to the advices received here today, in a terrific electrical storm in the northeastern part of Howard county Wednesday night, lightning struck and instantly killed the nine-months-old child of Ignat Sintek while it lay asleep in the arms of its mother, who, strangely enough, was not even rendered unconscious by the shock.

When Mrs. Sintek discovered that the sleeping child had been killed by the lightning she was crushed with grief. The storm in which the accident occurred was one of the most severe in the history of the region.

The gross value of the manufacturers of the United States was \$12,000,000 in 1905, or 6 per cent. of the total manufactures, to \$55,000,000 in 1906, which was 8.2 per cent. of the total. In the same period the imports of manufactures into the country increased from \$11,000,000 to \$12,000,000, but decreased in the percentage of the net product of manufactures from 31.2 per cent. in 1905 to 5.3 per cent. in 1906.

The sugar schedule, with the understanding that the paragraph fixing a duty on raw and refined sugar should be again placed before the Senate if Senator Clay should so improve in health as to permit him to move an amendment cutting the figure in two. The tobacco schedule was also completed. No changes were made in the Finance Committee's rates on either schedule.

The sugar, tobacco and agricultural schedules divided the attention of the Senate, with incidental remarks by Senator Bacon and a general tariff speech by Senator Stone.

Senators Gore, Bristow and Clay criticized the provision for duty on refined sugar, and Mr. Clay repeated his allegation of fraudulent transactions in the interest of the "sugar trust." Mr. Bristow declared that the cause of the trouble was rushed to him from a mob engine to save him from a mob. The engine was stoned and then boarded by men who had set broken and broken it into three sections, blocking the main line of the progress of the trains. Railroad officials declared tonight that the incident was the work of strike sympathizers.

An engine left for Lithonia to bring a load of perishable provisions into Atlanta. An express train was given that in the interest of local shippers whose valuable cargoes were held up, no demonstration would be made against hauling these cars to Atlanta.

When the engine reached Lithonia, however, its negro fireman was seen by about 200 persons gathered about the station. At first the train was getting under way, but then it stopped. According to the railroad's statement no attempt was made by any of the authorities to intervene even when the train was stalled, but that there had been no violence.

State or Federal intervention is expected to be sought to be brought with danger. It is admitted that either Federal or State authorities can run the trains and preserve order, but if the railroads insist on its right to do so, then nothing can be done.

Yesterday a party of high officials of the Pacific officials traveled over the whole Key Route system in a private car. The purchase of this property is in line with the acknowledged plan of the Southern Pacific to shorten the distance between San Francisco and Los Angeles by connecting the two cities.

The race has developed in what constitutes its two strongest holds on the northern people. The first was the unani-mous stand by the entire community in resisting the using of negroes in a capacity to which they objected. The other sentiment was the determination to end the race riots started by negroes who have rendered them a long and faithful service.

Tonight there was talk of holding a mass meeting to protest the race rioting at the action of the railroad today in putting negroes on what the public calls "neutral trains."

LAWSON'S HAND SHOWN.

Death of H. H. Rogers Reveals Possible Secret Financial Connection of Open Face.

[BY DIRECT WIRE TO THE TIMES]

CHICAGO, May 28.—(Exclusive Dispatch.) Still guarding the secret that has surrounded him, the man in the East Chicago automobile mystery who tried to carry off Miss Mary Kishner last night, lies in jail preferring ignorance to the revelation of his name. He pleaded guilty to two charges under the name of John Doe in a special trial before the Hon. Frank D. Murphy last night and was fined \$20 and \$5 by Mayor Edward Dernald for speeding and drunkenness.

His attorneys, Roe & Madsen, furnished the cash bond of \$225 for him last night, but instead of jumping his bond, as had been expected, the man appeared in court to answer the charges against him. In spite of this assistance he was unable to pay his fine and was remanded to jail.

Grief marks the man's actions. He pleads with the police to keep his secret so that his wife might be spared the pain of the disclosure. When she was the man would not say. It is thought that she lives in Chicago, but this could not be verified.

Mary Kishner, the girl who jumped from the man's automobile while it was going at full speed, in order to escape from him, now says that she does not remember having seen the man before. She was hysterical when she made the statement.

Although her nose is broken, her other injuries are less serious than was thought, but she is still in a nervous condition that may delay for some time the trial of the charge of assault and battery filed against her alleged assailant.

On this last charge the man will be arrested as soon as he is released from the East Chicago Jail on the other two charges.

GRATEFUL VAGRANT.

Returns Fifty Cents Given Him by Police Judge, Enclosing a Present.

[BY DIRECT WIRE TO THE TIMES]

PORTLAND, May 28.—(Exclusive Dispatch.) Police Judge John Van Zante today received through the mail a small box containing a pair of gold cuff links, a 50-cent piece and a slip of paper, on which was written:

"From one you helped—V. A. H."

There was no further explanation, but Judge Van Zante responded that the case of a young man who had been brought before him on a vagrancy charge several weeks ago. The youth had not the appearance of an ordinary hobo, and upon questioning him, the judge became convinced he was an honest man and ordered him released, gave him some good advice and circled him with his arms, saying, "I'll help you if you'll help yourself."

"Notwithstanding this," says the statement, "no such inquiry was made and my trial has been delayed."

The long delay between the first and second indictments and the circumstances attending the indictment convinced the court that the man was being tried in an indirect and circuitous way, it has therefore been decided, as fair to the defendant that I should avail myself of my constitutional privilege with reference to books and papers as well as to oral

afternoon contemplate using deputy marshals in the first instance when it is necessary to deal with it forcibly if it involved merely a union-labor dispute disconnected with the race issue. The ultimate consequences possibly by reason of the injection of the latter issue are not pleasant to contemplate, one of the contingencies being that the trouble will spread beyond its present boundaries to have any place in any trade in which it is now employed. The cooperation of business men throughout the South, as well as in the territory of the West, is to prevent any such catastrophe as is expected. Reporters here are to the effect that the southern press is alive to the underlying dangers, and it is treating the matter both editorially and in the news columns with great conservatism.

There would not be nearly so much anxiety in Washington regarding the handling of the situation if the Senate had not to deal with it forcibly if it involved merely a union-labor dispute disconnected with the race issue. **KEEN CONTESTS
ARE EXPECTED.**

Preliminary Events Show
Result in Doubt.

Harvard, Cornell and Yale
Have Equal Chance.

Several Marks of Yesterday
May Stand Today.

(ASSOCIATED PRESS NIGHT REPORT.)

CAMBRIDGE (Mass.) May 28.—So keen was the contest in the running, jumping and weight hurling in the preliminary events which ushered in today the thirty-four intercollegiate championship games that the outcome of the finals tomorrow is more uncertain than for many years.

In the eleven preliminary events the number of men qualified by each college was:

Harvard, sixteen; Cornell, fourteen; Yale, thirteen; Pennsylvania and Princeton, nine each; Michigan and Dartmouth, four each; Syracuse, three; Columbia, two; Williams, Brown, Swarthmore, Fordham and Harvard, one each.

Cornell qualified men in every event except the high jump. Yale was best represented in all except the running, jumping and weight hurling while Harvard failed to get men into the half-mile, the broad jump and the hammer throw. Pennsylvania was strong on the track but weak in the field.

Harvard's figures outpaced all other competitors in the broad jump, and under the rules, if his mark of 32' 8 1/2" is not exceeded tomorrow he will be the champion.

The same rule obtained in the hammer throw, which Talbot of Cornell hurled the missile 150' 2 1/2". In the shot put Kruger of Swarthmore made a distance of 54' 8 1/2".

For the first time in many years there was no trial in the 100-yard dash, as only eleven of the eighty entries appeared in the referee's book. With few exceptions to make fifteen men into the semi-finals in this event tomorrow.

Results:

BY DIRECT WIRE TO THE TIMES:

SAN FRANCISCO, May 28.—(Exclusive Dispatch.)—The eve of the first night championship fight since Max Nelson knocked out Joe Gans last September, finds the Dane and his friend, Fighting Dick Hyland, in superb condition, with each man sufficiently confident of winning.

The Dane, who has won 30 of 36 fights, will remain at Croll's Garage, Alameda, until time to start to town. His announced weight is 165 lbs., the Californian having given up 10 lbs. since the day before. Each man had some light exercise, Britt, on a belated Overland, to San Francisco at an early hour yesterday morning, and will be seen again this afternoon.

Britt, I expect to win. Dr. Clinch says he always looks me over, says he never saw me better shaped. I'll win in ten seconds if I can, but I don't think the fight will pass that twenty-three rounds. Britt is also optimistic. He said: "I may be a long shot, but there is another champion. I am too strong for Nelson and I will beat him in the first round." Britt, a man of puns, and I look for a long fight," is reported to have placed large commissions with local bookmakers that he will dispose of in California before the gong ends the first round. Britt, however, has bet \$150 on the outcome, and the betting price that he will defeat Nelson.

Britt, who has been training in Oakland, will referee the bout, which will begin at 8 o'clock, and run about four hours between the fighters. The fighters will precede the main

fight.

Sunday Night.

SULLIVAN, the best featherweight in the Pacific Coast, is here to compete for his fight with Daney Wilson of the Pacific Athletic Club on Tuesday night. He is a likely boy, who brings a good reputation with him, and as Webster is the only boy of his weight in this end of town, the fight bugs evidently something good in sight for them both.

Wilson is training with Montana Sullivan, who is to meet Jim Flynn in Frankenstein's room this evening. Frankenstein took things easily yesterday, and did not do much besides his usual work, going to the ball game in afternoon. He looks to be in fine condition, apparently as strong and as fast as ever. Wilson, however, has no excuse for losing, if he is not a showy fighter, but is a good boxer, and expects to get off in the early part of the fight. He never lost a fight, and is doing excellent training for the Flynn bout.

CHICAGO—Chestnut, a boxer from one of the four-round preliminaries, is not a showy fighter, but is a good boxer, and expects to get off in the early part of the fight. He never lost a fight, and is doing excellent training for the Flynn bout.

UMPIRES—O'Day and Cusack.

GAMBLE—Boston-Brooklyn game, postponed; wet ground.

BAD LUCK FOR BURNS.

CHANCE GRABES NURSE.

ASSOCIATED PRESS NIGHT REPORT.

DETROIT, May 28.—Today's game went fourteen innings and was a brilliant exhibition on both sides. The eleventh was the only inning in which Chicago failed to have a base runner on the bags, fifteen of the visitors being left on bases. Score: Detroit, 2; hits, 12; errors, 1. Batteries—Kilian and Stanaage; Burns and Sullivan.

ASSOCIATED PRESS NIGHT REPORT.

ST. LOUIS, May 28.—Cleveland won the game from St. Louis today in the secondinning when three runs were scored. Score: St. Louis, 1; hits, 6; errors, 1. Cleveland, 2; hits, 10; errors, 6. Batteries—Powell, Graham and Crigler; Young and Clark.

STYLING LOSING.

ASSOCIATED PRESS NIGHT REPORT.

PHILADELPHIA, May 28.—Washington, D. C., defeated here today, 3 to 1, in a batting rally by Philadelphia in the eighth inning, two-baggers by Ganley and Collins, and a single by Murphy scoring two runs. Score: Philadelphia, 3; hits, 8; errors, 1. Batteries—Dugay and Livingston; Hughes and Street.

CROSS DEFENDS ERNE.

NEW RULE FOR PLAYERS.

Manager Berry of the Los Angeles Leach Crodeens made a letter he had received, which is interesting to players, umpires and fans, is from Cal Erne, president of the League, and looked as if he had a summer wallet, but he was too Leach. Cross wanted a lot of time that owing to the complaints he might have been better directed and should have been restricted.

FOR SUNDAY-SCHOOL TEACHERS AND OTHER BIBLE STUDENTS.
Prepared for The Times by J. S. Kirtley.
SUNDAY, MAY 29.

James 1, 14-15: "Believing and Doing."

FOREWORD.

We are to bair in our pursuit of the movements of the great apostolic era and get a few lessons from one of the letters they wrote about that time. We have this letter, written by us, "the Lord's brother," who was spared after the death of Jesus and was a great leader for a long time in the church at Jerusalem. He was born about A.D. 10. If not in the oldest book of the New Testament, he was a Jew of the strictest sort, well versed with a very fine literary style, writes to a scattered Christian congregation, the members good as the fruit of a true faith.

THE LESSON.

That doth it profit, my brethren, if a man say he hath faith, but have not works? Can that faith save him? If another or sister be naked and daily standeth in the temple of God, is it not shamefaced? Are not the breasts of your maidens filled? and yet ye give them not things needful to the body, what is profit? Even so faith, if it have works, is dead; for it liveth. Yea, a man may say, I have faith and works; show me thy faith apart thy works, and I, by my works, show thee my faith. Then believest thou God, that thou doest well? Dost thou also believe that thy sister will be given to you? O man, that is apart from works is barren!"

(2.) The Case of Rahab. It was her fidelity to her word, and the secret of her salvation. She was a harlot, but she had faith and works; show me thy faith apart thy works, and I, by my works, show thee my faith. Then believest thou God, that thou doest well? Dost thou also believe that thy sister will be given to you? O man, that is apart from works is barren!"

(3.) The Proposition Stated. Men does not say that those Jewish men were carrying the theoretical of faith up to such an extreme of moral direction, that any ranker were in danger of doing so, and he is trying to prevent it. Faith without works is dead, faith, and before more, a pretense that one has not. That is the argument of the Western.

(4.) The Proposition Argued. He supposes the case of man "saying" he has faith, while the fruit of that faith visible to every eye. The inference is, that kind of faith cannot save him, he does not go so far as to say it is not faith at all; he takes the man's estimate of it. So far as it is concerned, nothing may be given to him faith. He lets the reader know of it stand, but says that

faith as that cannot save. He is responsible for the man's wrong in that term, which gives him the right of the moral kind. This is a suggestion that it is possible to claim it one has not. Faith that is not humble to ever allow the tongue to praise. It is a dragon pretender, because it is a dragon pretender.

He proves it, he supposes the case of man "saying" he has faith, while the fruit of that faith visible to every eye. The inference is, that kind of faith cannot save him, he does not go so far as to say it is not faith at all; he takes the man's estimate of it. because it is a dragon pretender. For this there may be a double reason, as the curse of a beggar, because it is a dragon pretender. The beggar never receives a curt refusal. NEWS AND BUSINESS.

Power Plant Blaze.

Fire early last evening caused \$15 loss to the power plant of Thomas H. V. Verner at No. 231 South San Pedro street. The fire originated from oil overflowing about the boiler. *Gospel Temperance Meeting.*

William Murphy will conduct the regular Murphy gospel temperance meeting in Blanchard Hall on Sunday evening. He will be assisted by other speakers and will offer a good singing and other musical attractions. *University Club Outing.*

The University Club will have a reunion and old-time campfire at Casa Verduero this evening. There are to be a number of picturesque features, including a pottery-telling contest in the shadow of the fountain of the Verduero hills.

Prisoner Critically Sick.

William Davis, brought to Los Angeles from Indiana on a charge of obtaining goods on false representations, failed to appear at County Hospital yesterday. Davis is suffering from a complication of heart and lung trouble, and nearly died while on his way West. His condition is critical.

An Enemy's Torch.

A fire of incendiary origin partly destroyed the home of Mrs. A. Allen, No. 1447 Tennessee street, yesterday afternoon. The damage is \$100. There was no one in the house at the time. Mrs. Allen stored most of her furniture in the hall closet. Her husband had just visited friends. It is believed an enemy of the woman set fire to the place.

Shriners' Open Ceremonial.

A large attendance is promised Monday night at the Shrine Auditorium, where the Masonic Temple will open a portion of its ceremonial and furnish other interesting features. Admission will be charged; the proceeds to be used in helping the expenses of the Imperial Shrine Fair in Louisville, Ky., where the Imperial Conclave meets this year. The local Shriners will leave Thursday afternoon at 4 o'clock for the Salt Lake City, the destination of L. J. C. Spangler, Potentate; Fred A. Hines, M. H. Flint and R. P. Jeffries, More Elks.

Chairman Fleet of the Elk Executive Committee received a letter yesterday from the Spokane lodge stating that 150 of its members will attend the convention. The local chapter of the best-known quartette will also come here. There will be bands, etc., during the program. Many of the visiting lodges will bring a band with them, and Los Angeles Lodge, No. 99, will have a band playing at the parks all the week. Many musical organizations, near-by, will participate in the parades and give informal concerts for the entertainment of the visitors.

William Potts Dead.

William Potts, a member of a prominent family of Los Angeles, died yesterday afternoon from apoplexy. His body was removed to the Potters' Home, where funeral services will be held Monday afternoon. Interment will be in Rosedale Cemetery. Potts was 50 years of age, a native of England, and had spent the last five years in Los Angeles. He was a member in search of health. His mother, Mrs. Mary A. Potts of No. 1026 West Sixth street, has been a resident here more than thirty years. His brothers, Fred and Charles Potts, have long been in business here.

Professional Match.

The ball of the Professional Treasury Association, which was given at the Goldring-Boosey Academy last night, was a decided success. Dancing began early, though the affair was not grand by any prominent managerial or professional lights until nearly midnight. The stars of the show were the formal part of the affair, with a considerable footloose furor. About 800 tickets were disposed of, and the Executive Committee, Messrs. Clayton, Montrose and Lamme, report that the receipts from the ball did not exceed their heat expectations. Automobiles at the principal theaters, carried out such players as were able to go after the shows, and they were again motored home early this morning.

To "Litter" Advertisers: Dating from June 1st, classified advertising in the Times will be charged at the word at the established rate of 1½c per word in the daily issue and 1½c Sunday. Close calculations covering a period of several months developed the fact that the average cost of words per word in a fraction over seven. This basis for charge, therefore, will prevail after June 1st. Cash "want" advertising has always been calculated by the word, and this calculation will still govern the manner of handling these ads. The present "want" ad rate has been in effect for many years, though the circulation of the paper has increased \$20,000 daily and State Sundays have trebled during this period. No re-

per in the United States, rate considered, compares with The Times in 1911 ad service. The Times-Mirror Company.

Remember the slogan: "Buy and Boost Home Products." For daily instances, page 8, part II, of The Times, containing a list of 112 manufacturers, under the heading "Made in Southern California." UBLIC SERVICE—OFFICIAL DOINGS.

SUMMARY OF THE DAY.

City Attorney advised the Council yesterday that it has power to order the elevation or depression of rail-tracks in the city limits. A formal complaint was filed on behalf of the City Attorney against one year's director of Esso, Lewis, receiver of Consolidated Bank of Los Angeles, president of the defunct institution, to show cause why he should suffer to receive all the bank if, which it is alleged, he fraudulently came into possession. An affidavit signed by Howard S. Reed, in the divorce action brought by wife, Lillian M. Reed, indicates there will be a settlement.

AT THE CITY HALL.

AS POWER TO CHANGE GRADE.

MATION OF STREETS AND AIRROADS IS PREDICTED.

Well, in Discussing Fourth-street for the Southern Pacific, is by City Attorney It Has Right Elevate or Depress the Tracks over Thoroughfares.

City Attorney told the Council that the city charter gives a power to order the separation of streets and railroads at time it so desires. The opinion asked for by Councilman Wallace in connection with the discussion of raising the spur track rights by the Southern Pacific in street. This application had cut out a large protest from East manufacturers and merchants, feared the two additional tracks a street already congested with traffic would mean further sacrifice of

CITY POOR PHYSICIAN.
BOARD NAMES DR. JOHNSON.

Believing that the emergency provision of the ordinance reorganizing the health department is in force the board yesterday appointed F. K. Johnson city physician for the post at a salary of \$100 a month. This position was recently created. The same ordinance also abolished the position of Clerk of the Board and provided for a stenographer but this place was not filled.

The Engineer believes the companies should imbed their ties in concrete and make a perfect foundation for their surfaces.

The companies have been allowed to do about as they pleased," said the engineer.

Haskins protested that this was not so and the Council thought the question of a standard for track paving important enough to commit Haskins to the engineer for a report.

The Engineer believes the companies should imbed their ties in concrete and make a perfect foundation for their surfaces.

Johnson city physician for the post at a salary of \$100 a month. This position was recently created. The same ordinance also abolished the position of Clerk of the Board and provided for a stenographer but this place was not filled.

The board ordered Charles Conner to return to duty as a sanitary inspector. Conner was appointed by the Harper board from the civil service on half pay but asked a leave of absence to full time when the city was open. This leave was granted for a year and a half. In the meantime the board appointed others before Conner's leave expired. After the recall administration gag in he asked that he be reinstated yesterday he got it because the board thought he had not been justly treated.

The board also ordered Inspector McAvoy who has had charge of the department since the former sanitary work and will arrange for Miss Enis Tapia, to take charge and serve as cook and caretaker.

No successor to Restaurant Inspector Schmidle has been named without the place has been vacated since he signed.

Bakery Inspector Caldwell has been looking after restaurant work.

E. F. McGonigle was named as interim quarantine officer.

City Hall Briefs.

Property owners on Pico street are preparing to press the scheme for ornamental light between Main and Vermont avenues for which a petition has already been presented to the Council. With this installed there would be over five miles of such illumination on Main and Pico streets.

The petition for the Second Street tunnel was referred to the City Engineers with instructions to prepare plans and an estimate.

The protest against the paving of Washington street between Main street and Central avenue was denied by the Council yesterday because of insufficient frontage.

CHARGE SEWER DEPARTMENT.

By ordinance yesterday the sewer department of the city was transferred from the Board of Public Works to the City Engineer and all the employees—eighteen in number—transferred with it. This was at the request of the Engineer who believes his department should have supervision of connections as well as the construction of sewers.

THAT RENO STREET.

Council Wren is to meet west side residents who are protesting against the building of an engine-house on lot on Reno street, between Main and Spring streets next door to the engine house. The request was made by the Council last night to protect themselves, for he specifications are made to re-erecting one or more miles from the original site with the intent to move to more expensive foods now.

The farms are without walls and feeding and watering are done in jugs. Some of the farms are as it can be done without the use of concrete flooring cleansed by water. The Council took up the question and found all the big raisers on hand to protect themselves, for he specifications are made to re-erecting one or more miles from the original site with the intent to move to more expensive foods now.

THEATER TROUBLES AIRED.

Township Court Justice Passes on a Number of Claims Involving Pasadena Playhouse.

The suits and obstacles attendant upon the conduct of the theater were brought to light yesterday before Justice Stephens, in the Township Court. They seemed to be chiefly bills, which are inseparable from about everything else. The Crown City Theater Company was the defendant, and Albert Mercer, as plaintiff, marshaled the interesting array of troubles.

Joe Margolis and his brother, I. Margolis, the two gentlemen are the Crown City Theater Company, operators of the house of contention, otherwise known as the Crown City Theater, in Pasadena.

Inches of the claims assigned to the plaintiff, on whom the suit was filed, was a bill of F. C. Sweetser, contractor, for making sundry corrections to the architectural anatomy of the playhouse. Total amount of bill was \$2,200 for painting a sign, and there was also a bill for printing.

The court granted judgment to the plaintiff for the total of the claims and for the costs of the suit.

ROEMER BEFORE COURT.

Nathan Roemer, arrested in San Francisco several days ago on a local warrant charged him with obtaining a sum of false pretenses, was arraigned yesterday afternoon before Justice Williams. The complainant alleges that Roemer, posing as a whisky dealer, had obtained false certificates to Antonovich & Minich, Los Angeles liquor dealers, securing \$600 for them.

showed that the town had not tried to stop the nuisance of hog feeding on the public plazas. However, the town would cooperate with the city in making the business sanitary and unobjectionable if garbage feeding continued.

BETWEEN TRACKS.

WHAT PAVING SHALL BE. The City Attorney presented an order to the Council yesterday requiring the Pacific Electric Company to pave its tracks on Aliso street with vitrified brick, which material is being used to pave the remainder of the street. The order was asked at the request of the Board of Public Works which found the company using bituminous bricks.

S. F. Haskins, representing the company, declared it was a fight between brick and stone, however, the town would cooperate with the city in making the business sanitary and unobjectionable if garbage feeding continued.

AN AFFIDAVIT.

WIFE'S ATTORNEY SAYS HUSBAND KEEPS TELEPHONE WIRES BETWEEN HIS HOTEL AND HIS WIFE'S HOSTELRY HOT WITH MESSAGES OF UNDING LOVE—OUTSIDE INFLUENCES ALLEGED.

An affidavit by Howard S. Reed, defendant in the divorce action brought by his wife, Lillian M. Reed, had the effect yesterday of postponing for a week the hearing of the case to show cause why Reed should not pay his wife \$500 a month during the pendency of the divorce proceeding before Judge James.

The affidavit adds a tinge of interest to the case, for it alleges some things not generally known to the public. It declares that the present suit is the second action for divorce brought by his wife within the last five or six months, all without his knowledge, and while the husband was either outside the State of California or the city or Los Angeles. It is alleged that in each of these cases he procured the dismissal of the suits in a very few days after his return to the city.

Reed says that he reached Los Angeles about three years ago and will under the terms of which the son is to be paid \$150 a month during his life, his wife is given \$100 a month, and the three children of the couple receive \$100 a year. Since the time he brought his action for separate maintenance, stating that her husband spent all of his allowances on himself, and compelled her to pay all of the expenses of the children, including the schooling of the children. She thought it about time for a separation, although barred from securing a divorce by the particular wording of the law that provided that she divorced him she should lose the allowance of \$100 a month, and the children should also be deprived of their annual allowance.

According to the affidavit, which was put in his load on the pike at Ocean Park or bathing in the surf, while his wife is put to her wife ends to keep the family going with the money and relatives, returning to the evening of the day she spent the following Monday they spent the day together at Santa Monica; that on Tuesday, they were both present at the beach. She shouted to him, "Oh, I don't care what you say, I'll do what I want to do." He stated that on the Sunday following they took a pleasure ride to Sierra Madre, where she returned to the city again the next day. She was washing in the back yard when her hairy spouse walked by in his bathing suit en route for the beach. She shouted to him, "Oh, I don't care what you say, I'll do what I want to do." He said, "Oh, it will do you good; I am going in bathing, that will do me good."

The affidavit showed that while the husband claimed to have paid the rent at the rate of \$40 a month, he owed for two months, and that he had pawned the household goods of the family. It was also shown that the couple had advanced to her for personal expenses since February 1 last sums aggregating \$800; that the last advance was made April 27, \$100; that in addition, his wife had advanced to her own check from the Valley State Bank at El Centro, while residing upon his ranch at that place, \$1400, for her expenses.

The defendant says his wife is subject to outside influences, and has a strong aversion to broad over matters, when left alone. It is further stated that he has no knowledge that his wife has ever been married, and that he had advanced to her for personal expenses since February 1 last sums aggregating \$800; that the last advance was made April 27, \$100; that in addition, his wife had advanced to her own check from the Valley State Bank at El Centro, while residing upon his ranch at that place, \$1400, for her expenses.

SHOWS HORROR. GIRL ACCUSER IN COLLAPSE.

Hysterical in Court When She Faces Markham.

Tells About Defendant Having Mistreated Her.

More Evidence About Assault to Be Taken Today.

Terror-stricken at sight of the man now, she alleges, mistreated her in court, collapsed twice in the course of a preliminary examination of B. H. Markham in Justice Frederickson's Police Court yesterday. The examination was on the charge of attempted felonious assault against the girl. The taking of testimony will be resumed today.

The child, a daughter of S. S. Wolfe, a nervous wreck as a result of her experience with Markham. The defendant is 58 years of age, gray-haired and muscular. He has resided Southern California for several years.

When the case was called yesterday morning it was known that there could be no further postponements made for Markham was on hand ready. He had been at liberty on \$3000 bail. The little girl, in company with her parents and officers, was also taken to court.

The details of the acts of the old man had been published, in part, and were known that further statements by the little girl would bring forth shocking details.

COURTHOUSE CLEARED. Attorney Le Compte Davis, representing Markham, asked that every one engaged in the hearing be excused from the courtroom. This was done. No one was allowed to enter, there were no spectators nor witnesses.

The latter remained on a bench outside the courtroom during a day.

The arrested dealers all appeared in Police Judge Chamber's court yesterday afternoon, and were granted until next Tuesday to prepare for their trial which will be held on that day.

The proprietors stated they

the market district. Nine of the largest commission men of Los Angeles have been summoned to appear before the McCarty act and warrants for the arrest of seven others have been sworn out. The charge preferred against the merchants is handling fruit with intent to cover the same, particularly in the case of berries and cherries, this in violation of chapter 104, sections 1 and 2 of the act. A further charge has already been prepared, this stating that the same merchants have been violating a city ordinance, demanding that all produce shall be placed eighteen inches above the sidewalk level when displayed.

The wholesalers have retained Oscar W. Mueller as counsel, and intend to defend them to the very limit of the law as applied to the wholesale distribution of products of the soil. If the law is sustained it will almost revolutionize the business, as these articles, shipping cherries, apricots, peaches, plums, grapes and many other varieties of kindred fruit are received from all parts of the country. The shipment of a majority of them are made in boxes. These boxes seldom have a cover on them, they being packed one upon the other, each upper box furnishing protection for the lower.

The fruit is taken from the refrigerator car, placed on wagons and hauled to the market stalls, where it is unloaded on the sidewalk. From the sidewalk it is carried either into the building, or is immediately placed on other wagons for further distribution.

All of this is carried on with as much speed as possible, so that the fruit is never stands exposed for sale any length of time. To change the present system of handling the fruit would mean different packing in the North, which is not growing.

"We have not offended the law knowingly," said E. H. Rivers, "but have only been conducting our business in the same way that it has been carried on for years. We know the case of one of the dealers before the court, we will be able to ascertain whether or not the McCarty act is being violated. We believe that it means a substantial compliance with the law, this compliance to be regulated by the judgment of the inspector as has been the case in the past."

The proprietors stated they hope to show that the fruit can be better cared and better taken care of than it has been in the past. McCarty says that there has been a laxity in methods, and that the dealers have been too easily overlook the new laws which go into effect pertaining to their business.

SUNSET WILL APPEAL IN TELEPHONE FIGHT.

Company Will Carry Case to State Supreme Court and Higher if Necessary—Judge Permits No Modification of His Decision.

Office of The Times, No. 28 Raymond Ave.

PASADENA, May 28.—Developments in the city's war on the Sunset allied telephone companies to the taking out of a franchise and the payment of pole-tax imposed by city ordinance, decided in Judge Walter Bordwell's chambers yesterday. But no modification of his decision in favor of this city was allowed by the judge.

Attorney H. R. Van Dyke for the Sunset and City Attorney Wood and his assistant, P. S. Hornberger, discussed the situation with Judge Bordwell, but no action was taken. Alfred Nitro, general counsel of the Sunset Telephone Co., received a special permit to leave San Francisco this morning, having been instructed by a special meeting of the executive board of the company held yesterday afternoon, to appeal the case to the State Supreme Court and fight it to the last ditch.

It is highly probable that Judge Bordwell will grant the writ and then issue a permanent injunction which will allow the Sunset to repair its lines and resume operations. Judge Bordwell had said last night:

"The city demands exactly as it did. I met the attorneys today, and the Sunset people desired to have the status of the case determined, but made no formal application. Undoubtedly they will do so before long upon the arrival of Attorney Estes.

I may have views in regard to the action of the city; in fact, I have, but I cannot express them at this time. It would not be right for me to do so."

Judge Bordwell denied that there had been any heated arguments at the afternoon's audience with the attorney.

MAYOR STANDS PAT.

Mayor Harvey and the Council yesterday stood firmly by their action in ordering the cables cut, and all attempts made by the Sunset company to repair damage or continue operations in the city met with a peremptory rebuff from the police department.

The city has taken the position that the company has no standing or recognition as far as the city is concerned, and therefore the company has neither the right to repair the damage that has been done nor the right to continue developments, or do any business whatever in the city.

The same stand the company's construction wagon took up during the day. Two men working in a manhole near Throop Polytechnic Institute, when accosted by a man who identified himself as a Home Telephone Company man, the officer was not satisfied, and reported the matter to the station; the men were brought in and admitted their knowledge of the Sunsets.

"We are taking the Sunsets corporation exactly as we would any individual, and do not intend to recompense them from this position," said Mayor Harvey.

"But the Council thinks it must be prepared for considerable public criticism, but I was surprised today to find that the greater majority of the citizens demand that justice be done in the matter. I may safely say that of the large number of people who approached me today, expressing opinions on the matter, that the ratio of those who favored the action was at least twenty to one."

DEFENDS ACTION.

"I want the public to understand that this action was not new to us. It had been fully discussed long ago. We knew just exactly what we were doing, and understood fairly well all phases of possible results. To the extent that we should have to pay for damages, that the Mayor and members of the City Council would be held individually responsible under the law, and not the city.

Division Superintendent Lewis of the Post Telegraph Company came out from Los Angeles as soon as he learned that the Postal lines had been under fire from the Sunsets, had been cut by arrangement with the Home telephone company, a connection with towns in the San Gabriel Valley was effected six hours after the cables were cut.

Two more connections were made for Home telephones yesterday, and the construction department of that company was taxed to its utmost. Five members of the police force, including Mr. H. C. Lewis, received their guns in the hall.

Miss Visscher's directorate gown was of dahlia-colored satin.

PERSONALLY ACCOUNTABLE.

It is the opinion of a prominent attorney here that, under the law, should the Sunsets win in the higher courts, or if the law demands it, that the Mayor and members of the City Council would be held individually responsible under the law, and not the city.

Division Superintendent Lewis of the Post Telegraph Company came out from Los Angeles as soon as he learned that the Postal lines had been under fire from the Sunsets, had been cut by arrangement with the Home telephone company, a connection with towns in the San Gabriel Valley was effected six hours after the cables were cut.

The crippling of the fire-alarm system was practically remedied yesterday, and they are now no danger from that cause. The telephone wires were waiting upon the Sunsets office, reporting that doctors had been needed during Thursday night.

CITY ATTORNEY'S VIEWS.

"I understand that some few of our people are inclined to lose sight of the great public interest involved in this case, and to think only of their own personal inconvenience," said City Attorney J. Perry. Wood last night.

"This is a great mistake, but possibly a natural one in the case of under-standing of the real situation."

"Some time, either now or after long-drawn-out litigation, the city would have to do just what it has done in order to get its right. This is the only a fair assumption in view of the experience of other cities with the company."

"If we now stand on our legal rights, and attempt to reap the fruits of it, the case would, of course, be appealed to the State, and no doubt to the United States Supreme Court."

Federal questions are involved,

PROMINENT CLEVELAND MAN DIES AT PASADENA.

Former Editor, Who Was Identified With Score of Enterprises in Ohio City, Passes Away at Age of Ninety Years—Burglar Seen at Work Escapes.

Office of The Times, No. 28 Raymond Ave.

PASADENA, May 28.—N. P. Bowler, a prominent resident of Cleveland, O., a veteran newspaper man, of benevolent activities, who spent his winters here, died yesterday morning at the Maryland Hotel. At his bedside was son William P. Bowler and daughter, Mrs. Cora P. Malone. Another son, Walter N. Bowler, is now in Cleveland. Mrs. T. B. French of Oak Knoll, is a grand-daughter. Funeral services will be held at 5:30 o'clock this afternoon at the chapel of Turner & Stevens, in charge of Rev. Malcolm J. McLeod. The body will be taken to Cleveland on the Santa Fe Liner, and the casket will be accompanied by Mr. and Mrs. T. L. Bowler and Mrs. Cora P. Malone. Funeral services will be held in the Second Presbyterian Church there. Mr. Bowler having been a member of that church the greater part of his life.

Noahiall Peter Bowler was born Feb. 18, 1860, being therefore nearly 90 years old. For many years he was an editor on the Cleveland Plain Dealer.

He was one of the founders of the Bowler Foundry at his home town, and the name of his death bed concerns him.

"We are taking the Sunsets corporation exactly as we would any individual, and do not intend to recompense them from this position," said Mayor Harvey.

FIRE ON YACHT.

The yacht Minerva, standing on the ways at the Fulton Marine Works, West Long Beach, caught fire this afternoon from a machinist's torch.

The fire department was called out and succeeded in extinguishing the fire, but the yacht had been considerably damaged.

The First Methodist Episcopal Church, under construction at the corner of Fifth street and Pacific avenue, will be dedicated on July 25. An effort will be made to secure the presence of Bishop McIntyre on that occasion, it is being impossible for Bishop Hughes to attend.

Boys, not yet identified, started a fire yesterday under a vacant house at 2625 Alameda. Fortunately the blaze was discovered in time.

Everything is in readiness for the formal opening of Hotel Virginia tomorrow night. Over 500 table reservations have been made for dinner, and reservations for 150 rooms at the Pasadena orchestra will furnish the dance music and society from Pasadena and Los Angeles will be well represented at the opening ball.

TO HOLD DOUBLE SERVICE.

G.A.R. Organizations Will Decorate Graves and Scatter Flowers on Waves at Santa Monica.

SANTA MONICA, May 28.—The double ceremony of decorating the graves of veterans, and strewing flowers on the waves in respect to the memory of the dead of the navy will be performed here tomorrow morning, under the auspices of the men and women of the G.A.R. organizations.

AUTO RECOVERED, WRECKED.

A. D. Morris of No. 41 West Colorado street, set his Maxwell automobile in front of the local High School yesterday and when he returned found his machine gone. He immediately notified the police, who discovered it wrecked in the ditch on North Los Angeles avenue. Some repairs are supposed to have taken it for a ride and it is presumed they lost control of the machine.

FATIGUE LIFE ESCAPES.

Judge West, in pronouncing sentence, said he could not see how the jury failed to find Wood guilty of assault with a deadly weapon with intent to commit murder.

In consideration of the fact that there will be a special session of the church chimes, the man was given a year and one month and fined him \$100. Judge West, in pronouncing sentence, said he could not see how the jury failed to find Wood guilty of assault with a deadly weapon with intent to commit murder.

McCreary still denies that he has a wife and two children at Pasadena, and says that he will be taken to Redwood City to answer his charge.

McCreary came to Redlands a few months ago and was employed as a clerk in the Palm pharmacy. He became acquainted with pretty Mary White, who agreed to be the right man. He was not discovered by the young lady or her parents. Early in April he proposed marriage and within a few days said he wished to get married. He gave his address in Pomona before having the wedding performed. He went to Pomona and then sent for the girl to join him. They went to Frank's home to be married, and they intended to live in the north. After getting there, they decided to go to a smaller place for the ceremony and so traveled to Redwood City, where they were married April 26.

After the marriage, the man of the bride learned, he says that McCreary had a wife and two children in Pasadena.

ALMOST GETS LICENSE.

Julius Krieger, aged 27, and Mary Murray, aged 22, all but had a marriage license issued to them today. It was made out and Krieger had received it in his pocket when he met the clerk, who learned that the license could not be used outside this country. He said the ceremony was arranged for in Los Angeles. He refused to take the license, which was given him.

POLTERA CASE.

(Continued from First Page.)

tically none. It seemed to be cruel surmise, founded upon this talk.

POLTERA QUESTIONED.

At any rate, the old father was brought before the Sheriff, and was questioned at great length.

"Some people have said mean things about you," the Sheriff said to Poltera. "I want to know who told you. You know much more about this murder than you have told. I have been informed that you are in danger because of these reports. I want you to tell me what you know about it."

Then the Sheriff told Poltera that he really was suspected by some persons of having slain the little child.

"Oh, my God!" the old man gasped.

"Oh, where say that. Oh,

"Christ, no, no, no. Oh, say my wife,

she know I do not such thing," and the old man wept bitterly.

After a long siege of questioning, in which the old man was made to answer in detail his movements on the day of the murder, the Sheriff came to the conclusion that Poltera was innocent and told him he might return to his home. The Sheriff even agreed to provide a guard for Poltera to protect him from any possible violence at the hands of unduly suspicious persons, but the old man declined the offer, saying he could take care of himself.

POCKET KNIFE EXAMINED.

Poltera's pocket knife, found in the possession of the old man, was turned over to the Sheriff by a detective after it had been subjected to a chemical analysis to determine if it was blood-stained.

The detective had questioned Poltera at his home, and learned that he had been drinking, abused his wife. The sheriff got Poltera's knife, and questioned him about it, being informed that the old man frequently cleaned it with gasoline, and that he never used it in killing up rabbits, chickens or other animals.

The detective's suspicions were aroused by stains on one blade—the small one—which he thought might have been caused by blood.

The knife was turned over to an expert for analysis, and the expert reported that he had found what appeared to be traces of blood of the man, but in small quantity. The knife, the expert said, did not seem to have been cleaned recently.

The Sheriff scouts the idea that this knife could have been used in the murder of the girl. It is an ordinary jack-knife, and the official is certain that neither its owner nor could have caused the fatal wound in the little girl's neck.

OLD MAN'S ALIBI.

Poltera said all along that he was at home at 4 o'clock on the afternoon of the murder. His wife corroborated this statement, and said she noted at the clock when he entered the house. He did not leave the place again that day.

His stepson, whose name also has been disclosed in connection with the case, was shown to have been working at the Hedges home, near Hollywood, until 8 o'clock on the afternoon of the day in question.

The Sheriff is satisfied that neither Poltera nor his stepson knew anything of the murder until the body of the little girl was found three days after her disappearance.

Old Castillo, the tamale vendor, could throw no light on the case. It is believed, however, that the girl really ate a tamale shortly before her violent death.

Castillo is not the only person who sold tamales in the vicinity of the scene, however. There is another vendor who sells a different kind of tamale. He has not been located.

One of the questions against Ackerman is that he took the acknowledgment ten days after his commission as a notary had expired. Other charges, more serious, may be made against him.

An analysis of the contents of the girl's stomach will reveal if she really ate tamales, and their composition also can be determined.

If the tamale vendor can be located, he may be able to describe persons who bought from him on the day of the murder, and this may be a valuable clue.

death, and conflicted with his wife, which all his property was left to relatives.

Mrs. Driggs had shown Charnock some attention in the latter years of his life, and after her arrest on the forged charge she stated that he had been in love with her, and that he seemed to have been prevented by Charnock's relatives.

The instrument Mrs. Driggs lied purported to be a loan to her from Charnock, giving her permission to land for two years, to be paid in turn one-fifth of the crop. In addition she was given an option on the land at \$300 an acre, though it is said to be worth at least \$1000 an acre.

Under the option, she would be permitted to buy at any time at the price named.

Ackerman came into the case through his employment as a notary by Mrs. Driggs, and through the acknowledgment of Charnock.

Just after the arrest of Mrs. Driggs, Ackerman went to the Palms and executed the instrument, on the face of which Mrs. Driggs had endeavored to hold the land and to purchase it at a low price, if she so desired.

At first Mrs. Driggs was held under \$10,000 bail, and "Habecas Cupid" later made an attempt to get the amount reduced. This woman remained in the County jail some time before a reduction was made to \$2000, which she finally furnished, gaining her release.

One of the questions against Ackerman is that he took the acknowledgment ten days after his commission as a notary had expired. Other charges, more serious, may be made against him.

The lawyer is a member of the law office of Joseph Ford, who is handling the case for the people.

The trial of Mrs. Driggs is set for June 21 in the Superior Court.

WHITTIER.

WHITTIER.—According to a dispatch from Washington, John L. Stevens, Alva Richards and William Branch, have been appointed letter carriers.

AUTHORIZED ANNOUNCEMENT.

Editor Los Angeles Times: Dear Sirs: The Children's Home Society of California has been receiving many inquiries from persons who are soliciting funds in this city for the Children's Home Finding Society of California. The close similarity of the titles of these two societies makes it desirable that the public be informed that the work of the former is entirely different from that of the latter.

The Children's Home Society has been located in Los Angeles for eighteen years.

It is informed by the Merchants' and Manufacturers' Association of Los Angeles, it is endorsed by the Merchants' Association of San Francisco.

Its local standing can be learned from the Associated Charities with which it works in cooperation.

It is a member of the National Association of Children's Societies.

The Children's Home Finding Society was formed several years ago as a result of a general employee of the Children's Home Society.

It took a name so near like the name of the original society as to justify the charge of intention to defraud the public of a mercantile place of business against him was dismissed.

The fact apparently was overlooked that Elliott was under a thirty-day sentence in Los Angeles for the theft of a boat at Redondo, and the police released him on his own recognizance.

He was then held in custody and returned to the County Jail to serve out his sentence.

It has been settled that Elliott had no connection with the murder of the little girl.

ELLIOTT OUT AND IN.

Elliott once a suspect in the case, was then cleared of suspicion after he had served his thirty-day sentence.

A preliminary hearing yesterday morning on a burglary charge, before Justice Malone at Burbank. Sufficient evidence was not produced to commit him with the burglary of the Children's Home Society.

He tried also with the newspaper round near the box, but this also had been cleared, and he was obliged to give up his endeavor to pick out the prints left by the fingers of the person who first handled the articles after they left the hands of the little schoolgirls.

Great Memorial Day Sale of 1000 White Skirts

It's an annual sale, this big white skirt sale, just before Memorial Day. This year it will be bigger, better, busier than ever, for fortunate circumstances enabled us to secure a large quantity of underpriced materials, and have them made up and landed here in time for this sale, in styles we know to be the most desirable shown. The saving goes to our customers. —

At \$1 Skirts of white linene in seven-gore pattern, with double row of straps around bottom, plaited down the front. Also several other attractive designs. Every one is a regular \$1.50 value.

At \$1.50 Several different \$2 models, about the prettiest made. Of fine white linene in 9-gore model with panel front and clusters of plaits on each side. Trimmed with large pearl buttons.

At \$2 Numerous styles in plain tailored thirteen-gore white linene skirts that it would be impossible to equal anywhere at less than even \$3.00. Three wide folds at bottom. Gracefully hanging.

At \$2.50 A most comprehensive collection of linen, repp, and poplin, made up in beautiful gored and plaited designs, of such style that you'll appreciate at once just how low The Big White Store can and do mark its merchandise. Noteworthy values.

Men's \$20 & \$25 Summer Suits \$15

They're swagger, they're stylish, they're smart, they're summery. They're the kind of suits you want. That really tells the whole story. That means well made and well designed. That means well cut and well trimmed. That means the newest colors and the newest patterns. That means the conservative styles, as well as the faddish conceits. We've studied California, and we've studied Los Angeles, and when we say they're the suits you want, we are ready to back that assertion with our reputation as good judges of merchandise, just as we back every one of these suits with the well-known and highly appreciated Hamburger's 100 per cent. guarantee.
